

Camp SHARP+ 2018

Gallaudet's Speech, Hearing, Aural Rehabilitation Program
(+ Language Stimulation Group)

Summer Communication Program for Deaf and Hard of Hearing Children

The Gallaudet University Hearing and Speech Center (HSC) is once again hosting Camp SHARP. Camp SHARP+ is Gallaudet University's **S**peech, **H**earing, and **A**ural **R**ehabilitation **P**rogram (+ Language Stimulation Group) for deaf and hard-of-hearing preschool children, as well as for preschool children of deaf/hard-of-hearing parents (KODAs). This camp is designed for preschool children to develop their language, speech, and listening skills in a fun, bilingual, play-based preschool environment. Speech-language pathologists facilitate and support the development and expansion of the campers' speech and language skills while reinforcing sign language skills during child-centered, hands on activities within thematic units. Skill areas addressed include the following: expressive and receptive language, speech, speech-reading, listening/auditory skills, and early literacy skills.

This summer's services are offered between June 18 and July 27, 2018. The registration deadline is June 1, 2018. Services and session availability, as well as registration cut-off dates, are contingent upon the number of children enrolled. **(You may contact us to see if we have available slots beyond June 1.)**

Camper Requirements:

Campers should...

•Use/practice both spoken English and American Sign Language (or be willing to learn both during the Camp SHARP+ period).

--Spoken English does not need to be the dominant communication modality, but development of/exposure to this skill should be a goal for the child
 --ASL does not need to be the dominant communication modality, but sign language will be incorporated throughout each day to reinforce understanding/learning for those who need it.

•*Have participated in a preschool, early-intervention and/or daycare environment prior to Camp SHARP+ (*recommended, but not required)

•*For Deaf campers - Use amplification (e.g., hearing aid, cochlear implant, BAHA, etc.); or a combination of these); (*recommended, but not required)

Fee:

\$1250.00 for the full 6 week program

- A nonrefundable deposit of \$500.00 will be due at the time of registration
- A **weekly rate of \$250** is available. Campers should expect to attend a **minimum of 2 consecutive weeks** of the Camp to register with the weekly rate. (\$500 deposit still applies)

Parent Information:

Informational and interactive sessions will be offered by GUHSC staff and/or HSL Faculty once weekly, depending on parent interest and/or availability. Possible topics include: Language Access – Choosing Modalities; Understanding the Audiogram; Amplification – Management/Benefits; Behavior Promotion/Management; Cochlear Implants, Speech, Language, and Auditory Development, and Auditory Processing Skills. Presenters are proficient in ASL and spoken English.
